

# Data about the PV-project

We are pleased to give you assistance toward realizing your PV-project. The Foundation construction with KRINNER ground screws and our high-performance assembly system offer many advantages for secure returns. Of course we will keep your information and data confidentially.

Company/ Contact person: \_\_\_\_\_

Phone/ Fax/ Mail: \_\_\_\_\_

Project title: \_\_\_\_\_

Project location: \_\_\_\_\_

Territory map:  attached  will be handed in later

Soil expert's report:  attached  will be handed in later

Description of soil and building site: \_\_\_\_\_

Total dimension of the PV-system kWp: \_\_\_\_\_

Number of the PV-modules: \_\_\_\_\_

Dimensions of the PV-modules in mm: \_\_\_\_\_  Data sheet PV Modules

Angle of attack °: \_\_\_\_\_

Distance to the ground (modular leading edge): \_\_\_\_\_

Modular power in Wp: \_\_\_\_\_

Kind of module:  polycrystalline  monocrystalline  amorphous

2- tiers PV-system

3- tiers PV-system

Tracking system

Planned mounting system:  2 tiers  3 tiers  ..... tiers

Tracking system: \_\_\_\_\_

Static requirements:  Static attached  will be handed in later

## Preliminary schedules

Assembly of the KRINNER ground-screws: \_\_\_\_\_

Assembly of the mounting system: \_\_\_\_\_

Delivery of the PV-modules: \_\_\_\_\_

Intended network-supply date: \_\_\_\_\_

Miscellaneous details: \_\_\_\_\_
